From the Director

I hope everyone enjoyed their Easter! Where on earth has the warm weather gone? We need those 60's and sunny days back. Our first ride of the season will be right after our meeting on Saturday, May 5th. Of course this will be a mystery ride since we do not know what the weather will have in store. Could be a long ride or a short one, no matter what it will be a ride.

Just a reminder that pre-registration for the Maine State Rally ends on May 31st. If you have never attended a rally in Maine, it really is a lot of fun. Come join us! We have quite a few members attending and we could have a great time as a Chapter. Check out the Rally Website at www.mestatehogrally.com and see the weekend of events to happen in Greenville, Maine.

Thank you to the members, who have volunteered their time for the in-store poker walk, gave up their time to sell raffle tickets, have taken tickets to sell or stepped up and taken a secondary officer position. You truly are the heart of the chapter. I could never do it alone. If you would like to get more involved please do not hesitate to contact me. It really is a good time hanging with friends at the dealership on a Saturday selling tickets or helping with a poker run or whatever we have going on, you are sure to have a good time. If you are interested in a position come see me. You can always shadow one of us, or take a position that is open during the year. We would love to have you join us!!!!

Make sure to check out L-A Harley Davidson's website, where you are sure to find something happening every Saturday of the month.

Wishing you all safe riding and hope to see you at our next Chapter meeting in May,

*Kathi Yergin
Director*

In what state will you find 6,000 lakes and ponds, 32,000 miles of rivers and streams, 17 million acres of forestland, 3,478 beautiful miles of coastline, and 2,000 islands? If you answered Maine, you're right, and if you're thinking there must be some great riding in such a place, you're also right. "Moosehead Madness" continues the tradition of unique Maine State HOG Rallies. But, there is a reason Maine has the most successful state rallies in all of New England. Maybe it's because Maine has the most woods in proportion to its size compared to any other state, or because it grows more blueberries than any other state? There is also a reason the sun shines on Maine before anywhere else in the United States. Perhaps it's because Maine is the only state that borders only one other state, or because the largest toothpick manufacturing plant in the United States is in Maine? At this rally you will find out why Mainers (and others who have already signed up to attend this Rally) are maniacs for Maine. (Hint: see us on Face book.)

Your experience at "Moosehead Madness" will be something that you'll never forget, but you'll have to be careful riding in the Moosehead Lake rally area, because moose outnumber people there three-to-one. Memorable experiences abound in Vacationland, but at "Moosehead Madness" we've put together a weekend of one-of-a-kind events for all to enjoy. You'll be part of Maine's largest lake when you take a cruise on one of the last surviving steamships; it's free – but only to those who pre-register. Maybe you'll choose to go on one of several guided rides that will take you throughout this historic logging area, and the exclusive golden era tourist spots of the rich. Or perhaps you'll decide to venture out on your own to try to find the World War II prison camp where Nazi Germans were held, or really put on some miles by riding down to the coast or up to the Canadian border. You get to decide just how much "Moosehead Madness" you can take, but you'll definitely want to allot time for biker bingo, the parade through town, and the special block party with a live band. The bike show is the place to show-off your Harley, and to see what others have done, but you'll also get to show-off your skin art at our tattoo contest. But maybe skill riding is your bag...you'll get to demonstrate just how good you are. And, if you eat to ride and ride to eat, we're having an exclusive dinner too...look for the sign-up available only to those who pre-register.

We're all from Maine, and we're going to this Rally...are you?
